Pile Weight	1250g/m² ±
Total Weight	2100g/m² ±
Pile Height	5.5mm nominal ±
Total Thickness	7.0mm nominal ±
Gauge	1/10th ±
Standard Roll Dimensions	25m x 4m Approx

Technical Specification - Overall Performance Rating	
Reaction to Fire	Efl - low radius of effects of ignition
Thermal Resistance	1.51 TOG
Light Fastness	5 - 6
Noise Impact Test	28dB
Luxury Class	LC4
Impervious Backing	✓
Easy Clean	✓
Antistatic	✓

Installation

Suitability
Zeta Tech has been developed specifically with the care industry in mind, providing a practical and durable flooring solution for healthcare and care home environments. It is manufactured from polyester, offering good resistance to staining and colour fading, and features an impervious gel backing to help prevent the penetration of spills and moisture. This makes the carpet particularly suitable for areas where hygiene and ease of maintenance are key considerations. Zeta Tech is the ideal choice for all domestic, education and healthcare settings.

Installation
Before installation, check for quality, texture, finish, colour match and that all carpet to be used in the same area is from the same dye batch. No claims will be considered after cutting and/or installation.
All carpets should be fitted in accordance with BS3525: 2021.
Adequate protection should be allowed under roller castor chairs.

Recommended adhesives for Broadloom Carpet
For Permanent Bonding - Stycobond F3

SEAMS MUST BE SEALED WITH A SEAM SEALING ADHESIVE.

Maintenance
Zeta Tech should be vacuumed regularly and spillages attended to immediately. Regularly daily suction vacuum cleaning and occasional hot water extraction is recommended. Most stains can be removed by a good quality purpose made cleaner following the manufacturer's instructions.

5 Year Limited Wear Warranty. Contact the office for details.
