Installation

Suitability

Neon Black Light carpet is designed specifically for use in installations where there is a requirement for its striking, high impact design. Suitable for Schools and other Educational Settings, Cinemas, Bowling Alleys, Ice Skating Arenas, Health Clubs, Theatres, Hotels, Arcades, Bars and Retail Outlets in Public, Civic & Commercial settings.

Installation

Before installation, check for quality, texture, finish, colour match and that all carpet to be used in the same area is from the same dye batch. No claims will be considered after cutting and/or installation.

All carpets should be fitted in accordance with BS3525: 2001.

Adequate protection should be allowed under roller caster chair.

Recommended adhesives for Broadloom Carpet

For Permanent Bonding - Stycobond F3

SEAMS MUST BE SEALED WITH A SEAM SEALING ADHESIVE.

Maintenance

Neon Glow should be vacuumed regularly and spillages attended to immediately. In depth cleaning instructions can be requested. Please note - The pigment of the fluorescent feature colours may be affected by exposure to natural light, and in particular, direct sunlight over time. Any prolonged exposure to natural daylight may reduce the colour and the UV effects.
